#### Background

The Community Development Department has received an application from Robert Howe, represented by Richard Howe, to vacate and dispose of a section of north/south alleyway that is located north of Hammer Avenue, and west of East Washington Street. On August 25, 2003 the City Council amended the adopted *Policy and Procedures for Alley, Street and Right-of-way Vacations*. The objectives of the amended Policy are as follows:

- To provide due process and citizen participation in the application and review process for vacations.*  
There are two separate parcels of land which abut the subject right-of-way, which are owned by the following parties:  
West – Undeveloped and unaddressed land that is owned by Robert and Corrine Howe.  
East – Single Family Dwelling owned by Austin and Elizabeth Diehm (1302 East Washington Ave)  
  
All abutting property owners were mailed petitions asking if they are in favor of/opposed to and/or willing to/not willing to purchase the portion of the right-of-way that abuts their property, if vacated. Responses to these petitions are summarized in Comment #10 below.
- To ensure that no property owner is deprived of required and reasonable access.*  
Both abutting property owners have frontage on to publically dedicated right-of-way. While the subject alleyway is used as an access point to Hammer Avenue from the land owned by the applicant, they would retain that access point if the right-of-way is vacated.
- To discourage the creation and eliminate or reduce existing dead-end alleys, streets or other rights-of-way.*  
This request is to vacate the entirety of the right-of-way, and would be eliminating and existing dead-end alley.

4. *To reduce or eliminate hazardous and dangerous traffic conditions.* The subject right-of-way is unimproved and is not used for vehicular and/or pedestrian traffic.

5. *To protect all existing and proposed public utilities located in the right-of-way and to maintain necessary utility easements.*

All City Departments and utilities were notified of the request. The following responses were received:

- Public Works Department stated they are not opposed to the proposed vacation.
- The Fire Department stated they have no comments.
- The Council Bluffs Building Division stated they have no comments.
- Council Bluffs Water Works stated they have no utilities in the subject alleyway.
- MidAmerican Energy stated they have no objections to the proposed vacation, with the condition that a utility easement remain over the former right-of-way.

Based on the information above, if vacated, a utility easement over said right-of-way will be retained.

6. *To maintain appropriate right-of-way width to ensure that an adequate pedestrian and vehicular circulation system is retained.* Not applicable.

7. *To discourage the vacation of a portion of an existing alley, street or other right-of-way.* This request is to vacate the entirety of the alleyway.

8. *To assist in the implementation of the goals and objectives of the Comprehensive Plan.* The request is consistent with the local access and circulation objectives stated in Chapter 6, Transportation of the Bluffs Tomorrow: 2030 Plan (comprehensive plan).

9. *To reduce the City's maintenance liability on previously vacated right-of-way parcels from public improvement projects and various lots acquired through delinquent taxes or assessments.* Not applicable.

10. *To establish an equitable price for surplus public property.* All abutting property owners were notified about this vacation request. The following responses were received:

- Robert Howe stated he is favor of the request and are willing to acquire his portion of the alleyway.
- Austin and Elizabeth Diehm stated they are in favor of the request, and are willing to acquire their portion of the alleyway.
